

This is a stylized map of a region, likely a watershed or administrative boundary, overlaid with a grid of squares. The map features several distinct colored areas: a large yellow area in the upper right, a green area in the upper left, and a large blue area in the lower right. A black road or boundary line runs diagonally across the center. The map is overlaid with a grid of squares, and various other colored regions (grey, pink, purple, brown) are visible, suggesting different land uses or administrative boundaries. The map is oriented with North at the top.
